

# STEM CELLS IN THE SPOTLIGHT

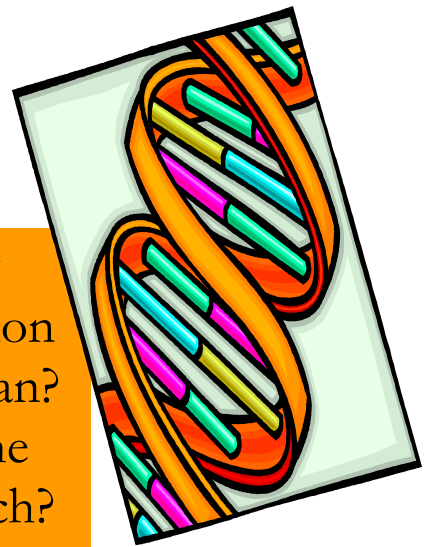

**Wednesday July 27, 2005**

**3:30-4:30 pm, Room 114**

Join us for a lively discussion “Stem Cells in the Spotlight”, presented by Louisa Stark, Director of the Genetic Science Learning Center.

Visit <http://gslc.genetics.utah.edu/units/stemcells/> for more info!

What are stem cells? How can they change medicine? What does legislation banning stem cell research really mean? And how do we sort through all the media hype surrounding this research? Come and learn all about the promising and controversial world of stem cells.
